

SOUTHWEST ELECTRONIC ENERGY GROUP

QUALITY POLICY

As a team, we are dedicated to meeting or exceeding expectations and needs of our customers. We are committed to achieving and sustaining our quality management system that complies with the ISO 9001:2008 standard. Our quality management system concentrates on:

- On time delivery of products and services the best possible way.
- Best pricing and value for our products and services.
- Open communication with our customers, suppliers, and employees.
- Continual improvement of the effectiveness of the quality system.
- Continual improvement of performance measures, products, services, and objectives.
- Employee participation, training, and safety.
- Our expectation is that every employee will take the initiative to gain understanding of the electronics industry, our suppliers, and our customers; be alert to meet customer needs; enthusiastically pursue the right results through contemplation of facts and taking action, with a goal of a profitable and safe environment in which to do meaningful work and afford meaningful rewards.

All of SouthWest Electronic Energy Corporation's employees understand and fully accept our quality policy. We will be personally involved in administering the policy by participating in all phases of our Quality Management System to ensure customer satisfaction.
